

Help *your* patients stay independent longer.

with MEDX SERVICES

Who We Are

MedX Services is comprised *of* a group of passionate caregivers, clinicians, *and* health professionals.

We offer medication management and clinical oversight that connects people through technology to provide better care. We work with spencer, a cloud-based, at-home medication tool, to provide accuracy and efficacy to those in our care.

How It Works

Looking for state-of-the-art medication management technology for your patients? **MedX Services can help.**

We know you want the best for your patients and know that compliance is key. Our Connected Care Technology keeps you connected to your patients. With advancements in technology, the responsibility for proper medication management can be shared by an entire circle of care that includes **the patient, caregiver, physician, & pharmacist.**

The Process

Step 1	Comprehensive patient evaluation
Step 2	Transition to services 1. Prescription updates 2. Pharmacy & physician communication
Step 3	Go live — delivering the first spencer cartridge
Step 4	Continued clinical oversight & patient support

By The Benefits

Benefits Analysis Chart	
Right patient, right dose, at the right time	Utilize 24/7 remote patient monitoring (RPM)
Keep patients independent longer	Receive data on patient's medication schedule, vitals & questionnaire prior to appointment
Increase insurance reimbursement/CMS codes	Avoidance of unnecessary resident hospital visits due to poor medication management
